Subject: Submission of Test Plans/Robust Summaries for General Electric Company - Plastics (GE Plastics; Ref # 1100342)

Please find attached, a Transmittal Letter and Test Plans/Robust Summaries for the following:

4-Nitro-N-Methylphthalimide (CAS RN 41663-84-7)  
2,4,6-Trimethylphenol (CAS RN 527-60-6)  
N-Methylphthalimide (CAS RN 550-44-7)

These submissions are made on behalf of General Electric Company - Plastics (GE Plastics; Ref # 1100342). The files are in PDF format.

A hard copy of these Test Plans/Robust Summaries and electronic copies on a disk were sent to the attention of the Chemical Right-to Know Program yesterday, December 30, 2002 from Toxicology/Regulatory Services (TRS). We have subsequently determined that this method of electronic submission is more effective and ask that you disregard the files sent via disk upon their receipt.

Your help is appreciated. Thank you.
